

# AYUSH GUPTA

DATA SCIENTIST

## PROFILE

A very curious Computer Science student having proficiency in Python, Data science, Android, Linux, Computer Networks and other Languages. With certifications in advanced software engineering and data visualization, I contribute to creating innovative solutions that resonate with our business goals. The collaborative environment here allows us to leverage collective knowledge and skills, fostering an ecosystem where data-driven decision-making thrives.

## WORK EXPERIENCE

- **INDIAN INSTITUTE OF TECHNOLOGY, Kanpur, (on-site)**  
Flutter App Developer - At IIT Kanpur, I am learning lot of skills related to Flutter App Development, that helps me to improve my App Development skills.
- **CELEBAL TECHNOLOGIES**  
Data Science Intern - At Celebal Technologies, our team harnesses my Python prowess and data web scraping expertise to transform data into actionable strategies.
- **NETCAMP SOLUTIONS PVT. LTD.**  
Android App Developer - At Netcamp Solutions, I have learned lot of work experience in Android App Development.

## PROJECTS

### Face recognition based Attendance system

Feb 2024 - Feb 2024 Face Recognition based Attendance system that takes the attendance on the basis of your face identity and stores the date and time. The whole project is based on the Python Programming and also increases the accuracy and reduces the proxy from the Attendance systems

### Cars price Prediction system

Feb 2024 - Feb 2024

Cars price prediction system that depends on machine learning, that predicts the price of the used cars on the basis of some of the details like Kilometers driven, Model name, Fuel type and etc.

## CERTIFICATIONS

### >>Android Developement With Java

Netcamp solutions pvt.ltd, Ghaziabad  
Jul 2024 - Present

### >>Python Programming

Indian Institute Of Technology(Kanpur), Online  
Mar 2024 - May 2024

### >>Introduction to Data Science

Cisco Networking Academy April  
2024

## EDUCATION

2021-2025  
**Allenhouse Institute of Technology.**  
B.Tech, Computer Science & Engineering

## SKILLS

- Python.
- Java.
- Flutter.
- Android.
- Data Science.
- Linux.
- Machine Learning.
- Networking.
- Sql.
- Leadership skills.
- Interpersonal Skills.
- Teamwork.
